Dear Ms Ellison

Cross Border Healthcare Problems

Further to our letter to you dated 14 April 2014 asking for a reply to our letter dated 21 March 2014, thank you for responding to our correspondence with your letter dated 17 June 2014.

In your letter to us, you advise us that you understand that NHS England has now written to us. We are surprised as this is not the case. We are chasing a reply to our letter to NHS England asking a number of questions about how the cross border healthcare problems are being resolved by NHS England.

We have been contacted by NHS England and arrangements have been made to meet on 2 July 2014 but we have no other information.

We should be grateful if you could forward the correspondence from NHS England to which you are referring.

We very much appreciate your help and commitment to resolve these matters and look forward to hearing from you as soon as possible.

Yours sincerely

P K Phelan
